Information Security Services

FOR FEDERAL AGENCIES

Information system security remains one of the most critical responsibilities facing IT professionals within the Federal government today. World Events, as well as those at home, have proven just how vulnerable some agencies have been.

As an OMB-approved Information Systems Security Shared Services Center, we provide both independent and operational security services to assist you in achieving and maintaining FISMA compliance. Our end-to-end service offerings complement your existing security program.

Our security teams have extensive IT and Federal government work experience. Our team members have also worked in a variety of industries in the private sector, as well as for other government agencies including the Department of Defense. As a Federal government agency, we are positioned to understand your needs while staying abreast of current trends and governing security guidelines.

Independent Information Security Services

- *FISMA Compliance using NIST Requirements:*
  - *Initial Assessments & Authorizations (A&A)*
  - *Ongoing Security Assessments in support of Continuous Monitoring*
- *FedRAMP 3PAO Assessments of Cloud environments*
- *Pre-Audit Consultation -- Minimize your IT findings*
- *Mitigation Consultation and Independent Verification & Validation (IV&V)*

Operational Security Services

- *Specialized Vulnerability Scanning*
  - *Penetration Testing*
  - *Database Scanning*
- *ISSO Services*
- *Disaster Recovery Consultation and Testing*
- *Risk Management Framework Lifecycle Services*
- *Incident Response Planning*
- *Creation/Maintenance of Security Documentation*
- *Interface MOU/ISA Negotiations*
- *Secure Web-based ISS Toolsets*

ESC Security Team Qualifications

Our Federal staff holds a share of the following:

- *Certified Information Systems Security Professional (CISSP)*
- *Certified Information Systems Auditor (CISA)*
- *Certified Business Continuity Professional (CBCP)*
- *NDU CNSS 4011-4016, CISO and CIO Certificates*
- *Certified Authorization Professional (CAP)*
- *Certified in Risk and Information Systems Control (CRISC)*
- *GIAC Certified Forensic Analyst*

Benefits of Partnering with ESC

- *OMB-approved Security Services*
- *GSA-accredited Cloud assessment Services*
- *ISO 9001:2008 & 17020:2012 Certified Organization*
- *Years of NIST-based assessment experience*
- *Franchise/Fee-for-Service Flexibility*
- *Not Profit Driven; Low Labor Rates*
- *Optimized A&A Process with Lean Six Sigma*
- *Independence of A&A Services Validated by 3rd Party*

About Enterprise Services Center

In the 1980's the U.S. Department of Transportation committed resources to create an unparalleled team of professionals dedicated to supporting the diverse business needs of its agencies. Today, a group called the Enterprise Services Center, assists numerous agencies with a wide range of business needs.

ESC has become a provider of choice because we take the time to learn our customer's business processes and requirements. We analyze the unique expectations of each customer, determining their service level needs and then develop an economic and efficient means of support.

ESC has extensive experience servicing other Federal organizations to include: the Government Accountability Office, National Credit Union Administration, Department of Commerce, Consumer Product Safety Commission, Pension Benefit Guaranty Corporation, U.S. Air Force, U.S. Coast Guard, Social Security Administration, Transportation Security Administration, Office of Personnel Management, Commodity Futures Trading Commission, National Endowment for the Arts, General Services Administration, Department of Agriculture, Environmental Protection Agency, Institute of Museum and Library Services, U.S. Securities and Exchange Commission and the entire U.S. DOT.
